

Lafarge Academy CE - Electives Portfolio

Finance for non- finance managers

is a module designed to help managers understand how the decisions they make affect the financial performance of their organisation.

Program Objectives

Play a more active role in helping CE achieve its objectives by not only understanding basic financial principles but applying financial analysis and ratios to drive decisions.

Target Audience

Key positions within CE and managers from non-finance functions

Program Highlights

- Read and assess company performance using financial statements
- Recognize the link between organisational strategy and financial objectives
- Demystify the jargon of finance and to understand and use a range of different financial techniques to improve your abilities as a manager
- Strengthen cross-functional alignment using the common language of finance and financial targets

Additional Details

5 sessions up to ½ day (online) within a 5-month period
Runs every two years, for the first time in 2022
